GLAZES AND SIZES

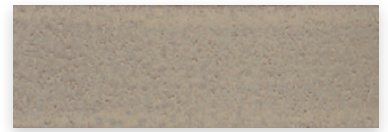

IN-STOCK GLAZES

Gloss White HW-21-A (Moderate)

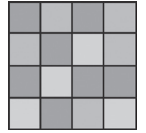

Parchment V-2 (Moderate)

Latte HF-218-B (Moderate)

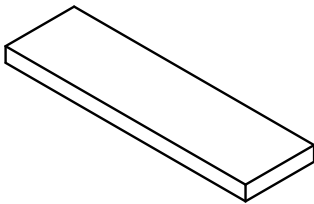

Variation is intrinsic to the beauty and warmth of handmade ceramic tile. Differences in size, shape, and glaze color from tile to tile and even within a single tile are intentional and should be expected. The reference diagram at right shows the variation ranges possible with Bison Brick. Due to limitations of the printing process, the glaze images are intended as a guide only. It is important to have a sample composed of several bricks when making final glaze selections.

Bison Brick has earned an Exterior Grade Rating under the testing standard ASTM C1088-10.
